

Remarks

Applicants and the undersigned would like to thank the Examiner for her efforts in the examination of this application. Reconsideration is respectfully requested. Please cancel Claims 1, 3, 4, and 10 without prejudice.

I. Rejection of Claims 5 and 6 under 35 USC 103(a)

The Examiner has rejected Claims 5 and 6 under 35 USC 103(a) as being unpatentable over Stuppy (US 6,146,148).

Claims 5 and 6 have been amended to be dependent from deemed-patentable Claim 7, and so are now believed in condition for allowance.

II. Allowable Subject Matter

The Examiner has indicated Claims 7-9 to be allowable, which is acknowledged with appreciation.

The Examiner is requested to note that Claim 7 has been amended to correct an indefiniteness, that “the training intervention set” preceded the introduction of “a set of training interventions”.

III. New Claims 11-13

New Claims 11-13 have been added to more particularly point out that which Applicants regard as their invention.

In particular, independent Claim 11 includes language from allowable Claim 7, with the deletion of the first clause of populating a first electronic database and a recitation of the second electronic database. Further, the recitations directed to the administrator interaction and presentation of the user with a training regimen have also been deleted.

Claims 12 and 13 include recitations originally included in Claims 5 and 6, and depend from Claim 11. Therefore, no new matter has been included in Claims 11-13, which are respectfully believed to patentably define over the cited art.

Conclusions

Applicants respectfully submit that the above amendments place this application in a condition for allowance, and passage to issue is respectfully solicited. Applicants and the undersigned would like to again thank the Examiner for her efforts in the examination of this application and for reconsideration of the claims as amended in light of the arguments presented. If the further prosecution of the application can be facilitated through telephone interview between the Examiner and the undersigned, the Examiner is requested to telephone the undersigned at the Examiner's convenience.

Respectfully submitted,

Jacqueline E. Hartt, Ph.D.
